

# SC NATIONAL RACING STATISTICS

## QUARTERLY REPORT

January 1st, 2023 - March 31st, 2023

## Executive Summary

### Key Findings

The Atlantic region outperformed in all categories (Number of Races, Number of Starts, Unique Horses, Average Number of Starts, Average Field Size, Earnings per Unique Starter, Purse and Handle). There were four race days in 2023 versus three race days in 2022. This was due to seasonal closures and January weather cancellations in both years.

The Number of Races for the first quarter of 2023 decreased by 8% with a 7% decrease in Ontario and a 21% decrease in the Western region. The Atlantic region posted a 25% increase in the Number of Races.

The Number of Starts saw a 4% decrease overall, primarily driven by a 3% decrease in Ontario and a 15% decrease in starts in the Western region. The Atlantic region posted a 37% increase in starts for the same period year over year.

Unique Horses decreased by 1% year over year with a decrease in Ontario of 5%, an increase of 4% in the Western region and the Atlantic region sporting a 26% increase.

The Average Number of Starts Per Horse decreased by 3% overall with an 18% decrease in the Western region, an increase of 15% in the Atlantic region, and an increase of 1.6% in Ontario.

Average Field Size grew by 4% year over year from 7.3 in 2022 to 7.6 in 2023. The Atlantic Average Field Size increased to 6.5 from 5.8, Ontario's Average Field Size came in at 7.8 from 7.5, and the Western region increased Field Size from 6.7 to 7.0.

Average Earnings per Unique Starter decreased by 10% overall with increases of 9% in the Atlantic region, a 4% decrease in Ontario and a 30% decrease in the Western region.

Purse Money was down by 11% led by a 30% decrease in the Western region and a 9% decrease in Ontario. The Atlantic region sported a 31% increase in Purse Money for the same period year over year.

The Handle increased by 10% year over year with a 46% increase in the Atlantic region, a 17% increase in the Western region, and a 10% increase in Ontario. This was particularly noteworthy as wagering increased despite an 8% decrease in the number of races across the country (as noted above).

Woodbine Mohawk Park led the way in Average Field Size with 8.5, followed by Flamboro at 7.6, and Western Fair and Century Mile coming in at 7.3.

Top 10 Grossing First Breeders of Record in Ontario account for 24% of overall earnings in the province.

Manitoba's top 10 leading breeders of record account for 93% of all earnings. Nova Scotia has the top 10 accounting for 96% of earnings, New Brunswick has 96% of all earnings coming from the Top 10 leading breeders, and Saskatchewan sports four breeders in the province making up for 100% of earnings.
