Auditors' Report

To the Members of Standardbred Canada

We have audited the balance sheet of Standardbred Canada as at October 31, 2007 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the association as at October 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Pricewaterhouse Coopers UP Chartered Accountants, Licensed Public Accountants

Notes to Financial Statements October 31, 2007

1 Purpose of the association

The association was incorporated under the Animal Pedigree Act to be the official registry and recordkeeping body and a national voice in the development, growth, marketing and promotion of the standardbred industry in Canada.

Standardbred Canada ensures the integrity and encourages the growth of the standardbred industry in Canada, for the benefit of the industry's participants and customers, by: (a) providing a national forum for consideration and resolution of issues; (b) operating a comprehensive database and recordkeeping system; (c) representing the industry nationally and internationally; and (d) developing marketing and promotion.

Its objectives are to record, collect, publish and preserve data and documents relating to the breeding, origin and racing of standardbred horses.

2 Summary of significant accounting policies

The most significant accounting policies followed by the association are as follows:

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses for the reporting period. Actual results could differ from those estimates.

Revenue recognition

The association follows the deferral method of accounting for contributions. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably assured. Contributions externally restricted are deferred and recognized as revenue in the year in which the related expenses are recognized.

Membership dues and licensing fees received for future years are recognized in the years to which they relate.

Horse auction sales represent commission and entry fees earned by the association on the sale of standardbred horses. The association is an agent for these sales and does not act as principal. In its role-as agent, the association collects proceeds from the sales and remits net proceeds to the consignor.

Financial instruments

On November 1, 2004, the association adopted the new recommendations of The Canadian Institute of Chartered Accountants (CICA) regarding the measurement and recognition of financial instruments.

Notes to Financial Statements October 31, 2007

At year-end the investments held by the association have been recorded at quoted market values that represent fair value. The change in market value is recognized in the statement of operations in the year in which the change occurs.

All financial liabilities that are financial instruments have been reflected at fair market value. The Canadian Breeders Championships and other stake events liabilities have been classified as a financial instrument and have been discounted at the association's average rate of return of 4.2% to determine fair market value. Consequently, the change in fair value of the liabilities was included as a gain to the net assets. This resulted in a one-time, non-cash cumulative increase of \$77,496 to net assets.

The determination of the annual interest will be recognized primarily based on estimated future cash flows. The association expects to pay the full face value of the liabilities.

Property and equipment

Land is carried at cost.

Purchased property and equipment are recorded at cost, less accumulated amortization. Contributed property and equipment are recorded at fair value at the date of contribution, less accumulated amortization. Amortization is provided on a straight-line basis over the estimated useful lives of the assets as follows:

Building	40 years
Building improvements	10 years
Computer equipment	3 years
Other equipment	3 to 10 years

Canadian Breeders Championships and other stake events

The balances with respect to Canadian Breeders Championships (CBC) and other stake events represent nomination and sustaining fees collected and held for distribution as purse monies. The purse funds, net of discounting, which are due for payment within a year, are classified as current liabilities, while those due for payment after one year are classified as long-term liabilities.

Deferred revenue

Deferred revenue relates to fees paid in advance of services provided. The revenue is recognized as the service is provided.

Insurance

Costs related to providing weekly indemnity and other insurance coverage to members are expensed when premiums are payable to the insurer.

Notes to Financial Statements October 31, 2007

3 Cash and cash equivalents

Cash equivalents consist of treasury bills, guaranteed investment certificates and bonds with interest rates ranging from 2.85% to 3.94% and maturity dates within 90 days.

4 Investments

Investments comprise short-term and long-term investments.

Short-term investments consist of guaranteed investment certificates, treasury bills and government bonds, which bear interest at rates ranging from 3.81% to 4.60% and have maturities of less than 365 days.

Long-term investments consist of guaranteed investment certificates, which bear interest at rates ranging from 4.80% to 4.85% and have maturities of greater than one year.

5 Property and equipment

a) Property and equipment consist of the following:

		2007		2006
	Cost \$	Accumulated amortization \$	Cost \$	Accumulated amortization \$
Land Building and building	813,629	-	813,629	-
improvements Computer equipment Other equipment	2,003,332 1,412,808 1,003,446	852,497 1,304,480 898,088	2,001,948 2,750,943 973,047	800,491 2,666,200 845,714
Less: Accumulated	5,233,215	3,055,065	6,539,567	4,312,405
amortization	3,055,065	_	4,312,405	
Net book value	2,178,150	-	2,227,162	

b) The net change in investment in property and equipment is due to the following:

	2007 \$	2006 \$
Balance - Beginning of year	2,227,162	2,275,094
Purchase of property and equipment Amortization	146,176 (195,188)	139,082 (187,014)
Net change in net assets invested in property and equipment	(49,012)	(47,932)
Net book value of property and equipment	2,178,150	2,227,162

Notes to Financial Statements October 31, 2007

6 Bank loan

The association has a demand operating facility, which bears interest at the bank's prime lending rate, is unsecured and is repayable on demand.

7 Miscellaneous income

Included in miscellaneous income are the following balances that comprise the current year impact of discounting of the CBC and other stake events liabilities:

¢

	J
Discount to record present value of current year CBC liabilities Interest expense representing accretion on CBC and other stake	26,573
events liabilities	(32,815)
	(6,242)

8 Insurance

The association offers, through an underwriter, a mandatory insurance plan to provide coverage to its licensed members for injuries in horse-related accidents. The coverage includes reimbursement of up to \$3,000 per calendar year for medical and dental expenses in excess of provincial health plans, and disability benefits not exceeding \$220 per week for a maximum of two years.

As at October 31, 2007, the plan's assets, which are in the form of cash deposits with an insurance company, are in excess of liabilities under claims that have been submitted. These deposits are in amounts recommended by the insurance company and are provided to cover liabilities for accidents that have occurred but have not yet been reported at year-end. This insurance coverage is not included as an asset on the balance sheet of the association.

In addition, the plan includes accidental death and dismemberment coverage not to exceed \$60,000. The coverage is funded in such a way that there is no financial risk to the association and, therefore, is not included as an asset or liability.

9 Peel Condominium Corporation No. 467 (PCC)

PCC is a separate non-profit corporation responsible for the management and maintenance of the incumbent areas (such as the driveway and exterior landscaping) of the building, both of which units are owned by Standardbred Canada.

Throughout the year, Standardbred Canada was the sole director of PCC.

The financial statements of Standardbred Canada do not include the financial activities of PCC. Given Standardbred Canada was sole director of PCC, as prescribed by the by-laws of the corporation, Standardbred Canada is considered to have a measure of control over PCC.

Notes to Financial Statements October 31, 2007

The financial summary of PCC as at October 31, 2007 and 2006 and for the years then ended is as follows:

	2007 \$ (Unaudited)	2006 \$ (Unaudited)
Financial position Cash and investments Accounts receivable and prepaid expenses	45,376 1,487	41,911 2,690
	46,863	44,601
Accounts payable	31,873	8,588
Operating fund Reserve fund for major repairs and replacements	9,577 5,413	9,930 26,083
	14,990	36,013
	46,863	44,601
Results of operations Fees and investment income Expenditures	150,716 (151,069)	144,796 (144,949)
	(353)	(153)

During the year, Standardbred Canada paid \$150,000 (2006 - \$144,000) in condominium fees to PCC and received \$12,600 (2006 - \$12,000) with respect to management and administration fees.

10 Prior year's comparatives

Certain of the prior year's figures have been reclassified to conform to the current year's presentation.
