

Alex MacDonald
Port Hood, NS

Nominated as ATLANTIC ACTIVE DIRECTOR

Hello my name is Alex Mac Donald, residing in Port Hood Nova Scotia which is located on beautiful Cape Breton Island.

I am an active member of Standardbred Canada since the Maritimes have come under their umbrella.

My involvement in Harness Racing began at an early age and the roots run deep with numerous family members being involved in the sport both in the Maritimes and across North America

I have participated as an owner, trainer, driver and breeder for over forty years and still remain active in all aspects. I have been licensed as an associate judge by the Maritime Racing Commission and spent one summer in this occupation, but the lure of the backstretch was too strong so I returned to driving and training. I also served a term on the board that oversees the operation of the Inverness Raceway.

Recently, I retired after thirty nine years as a senior manager within government where I have extensive experience dealing with individuals community groups and various government departments at the Provincial and Municipal level

If successful I look forward to working for the horsemen of Atlantic Canada.
