

**Tony Zuethoff
Pictou, NS**

Nominated as ATLANTIC BREEDER DIRECTOR

In 2001, I started Pictonian Farm, a breeding and boarding /turnout operation.

Pictonian Farm has 2 stallions - Western Paradise and Electric Stena and +/- 10 broodmares.

I am on the board of Nova Scotia Harness Racing Industry Association and have been President of the Maritime Breeders' Association since 2005.

If elected as a Director, I will seek to improve the public awareness of harness racing and will promote the interests of all breeders in Atlantic Canada.
